NISBET ACADEMY BURNED, Nothing but Parts of the Walls Left Standing.

On New Year's morning, at about 2 o'clock, our town suffered the heaviest loss it had ever before felt, in the burning of the Nisbet Academy. The previous evening some of the brethren of Kinitino Lodge, and their ladies, assembled in the academy to "see the old year out and the new year in." They had been enjoying themselves and about to leave for home, when all at once the cry of fire was raised and dancing was forgotten. Some of them seen to the safety of the ladies, while others tried to put out the fire, which had started from a stovepipe running through the floor. It seems the fire started between the first and second floor and had got great headway before it was discovered, owing to smoke being in the room, into which the pipe ran, for some time before. There was not an axe to be found nor any water about the place, and the only way to get at the seat of destruction, that was slowly but surely creeping through the finest school in the Territories, was through the ceiling; but when a hole was made in that it caused a draught and let the flames out, which spread rapidly. The Academy bell was rung and a man sent down town to ring the fire bell and inform the fire brigade, but before they could get up the hill the fire was past their control, and all they could do was look on at the burning building. The Academy was built about two years ago through the energy and enterprise of the Rev. Dr. Jardine and was under the control of a responsible board of trustees here, and was used as a school for the higher education of children. The school was closed down about two weeks ago until such time as it could be opened as a high school, which it was hoped would be some time during the coming summer. Everything movable was saved, with the exception of a number of curiosities belonging to the Historical Society, by those in the academy during the evening. The building was built of red brick and cost \$8,000 and was insured, together with the furniture, including a very fine piano, for \$7,500.

Allen's Lung Balsam was introduced to the public over 15 years ago for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action; and restores the whole system. THE MASONIC BALL

Friday last being the anniversary of the festival of St. John the Evangelist, one of the patron saints of Masonry, the brethren of Kinitino Lodge with their ladies, entertained a large number of our town's people at the Nisbet Academy which was kindly loaned to them by the Rev. Dr. Jardine. The large reception room down stairs was used for dancing, in and was tastefully decorated and prepared for that purpose, while the supper was given in one of the rooms up stairs, which had also been fixed up; and the rest of the rooms were used as cloak and reception rooms. At about 9 o'clock, p.m., almost all the guests had arrived and at 9:30 dancing began. The opening quadrille was danced by the W. M., Dr. Bain, and Mrs. Agnew; Mr. T. J. Agnew, D.D.G.M., and Mrs. Bain; Col. Sprout and Mrs. Betts; Major Young and Mrs. Spawt after which everyone danced, seemingly, as though it was their last and they were going to get it they could. A stranger looking on at the time thought it was a large family from the manner in which they endeavored to entertain. Supper was laid about from then until the ball was over. The ladies, who were the company of their guests and brethren. The tables had been prepared by Mr. H. Macdowall and the tables were laid off by the ladies. The dining room was lighted by candles and the tables decorated with fairy lights, which made everything look very pretty. It is seldom that a table is laid more tastefully than that on Friday evening, and it was generally remarked by all present. The music was provided by Messrs. D. Peterson and Ben. Cooke, and it is needless to say that it was good. Among the guests present were several from Duck Lake and Snake Plain, who had come down expressly for the ball. Dancing was kept up until about 3 o'clock, a.m., on Saturday, when all left for their homes after spending a very pleasant evening and one which will be long remembered by those present.

LOCAL HAPPENINGS

In Our Midst.

Annual school meeting to-morrow.
New Years day passed off very quietly.
J. McIntosh is on the incoming stage.
Thos. R. Powers, Shell River, was in town Saturday.
Russell and Davis, butchers, have dissolved partnership, Mr. Davis retaining the business.
The Central School opens on Tuesday next, after a fortnight's vacation for Christmas holidays.
The several aldermanic candidates are pushing their canvas, and the contest promises to be very close.
The election for trustees for the Central School will be held on Wednesday next. Four members to be elected.
We regret to chronicle the death of Katie, third daughter of Mr. and Mrs. T. H. Brooks, after a short illness.
F. Baker is selling clothing cheaper than the cheapest. He won't be undersold. He has on hand over 100 suits to choose from.
Rev. Dr. McKay, accompanied by Mr. Seymour teacher at Sandy Lake mission, left yesterday on a visit to the above mission.
The entertainment given at the Barracks last Saturday evening was a success nearly as many being present as on Thursday evening.
Mr. J. A. Macdonald has removed his butcher business to J. M. Campbell's block, where he will be pleased to meet his many customers.
Subscribe for your newspapers at Cunn's Bookstore. Subscriptions received for all Canadian, American and Foreign Publications, at lowest rates.
A wolf hunt took place on New Years morning. Several of our local hunters taking part in the sport. Const. Carmichael secured the "brush."
If you want a good, hot and a palatable drink, call at Jacksons. He will give hot soda and cream, hot soda and coffee, and hot soda and beef tea.
W. C. Robinson was in town Thursday and left same day for Qu'Appelle to meet Mrs. Robinson on her way from the east to live near Duck Lake.
The Winnipeg Sun has a very picturesque Christmas number out this year. It contains 24 pages of very interesting and amusing Christmas stories, and should be on every persons table. It gives sketches of prominent men and of the champion lacrosse and football clubs of the Prairie Province. Its cost is very small and everybody should have one.
The Christmas number of the Globe is one of the finest we have seen. It has thirty-six pages and is replete with Christmas and New Year's stories and Canadian scenery. Accompanying it are two very fine engravings: one of the Canadian Militia, which shows all the uniforms worn by our volunteers and is alone well worth the price which the whole number and supplements costs.
The Canadian Horticulturist improves every year, both in appearance, illustrations, colored plates and reading matter. Every fruit grower, gardener and farmer should have it. The editor is a practical fruit grower, and the other writers are the leading practical gardeners and fruit growers in Ontario. One dollar, addressed to the editor, Grimsby, Ont., secures this monthly, the interesting Annual Report of the Fruit Growers, and a choice of plants for testing.
About forty ratepayers responded to the Mayor's call for a meeting to select candidates Saturday last. The meeting elected Mr. Stull chairman and J. M. Combs secretary. The only candidates brought forward were Dr. Bain and Mayor Knowles. Dr. Bain having refused to run, Mr. Knowles announced himself a candidate and addressed those present, giving a summary of the work of last years council and vigorously attacking the editor of the Saskatchewan for his utterances on the qualities of the two candidates. The meeting broke up without any further nominations.

ADVICE TO MOTHERS.
Are you disturbed at night and broken o your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINDLOW'S SORNING ORANGE FOR CHILDREN TEETHING. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures wind-colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINDLOW'S SORNING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c. a bottle.

The newest thing in shampooing is to be had at the City Barber Shop. Const. Donaldson has tried it and pronounces it excellent, with a dash of seven year old thrown in.
A meeting of the electors of ward one was held at the Schoolhouse on Thursday evening, Mr. Holmes in the chair. Mr. Woodman addressed the meeting at some length and gave an account of his actions as chairman of Finance and Council for the past year, and asked for their support again this year. Mr. Chester Thomson made a short address to those present, after which the candidates for the mayoralty took the floor and made the hall ring with charges against each other. Mr. Newlands replied to Mr. Knowles' speech of Saturday evening, and was quickly squelched by Mr. Knowles. The east end vote is expected to give a majority for Knowles.
Nine cords of wood in ten hours by one man may appear to some as an unlikely story; but a machine is now manufactured which has proven such a feat is possible. It can be carried folded on a man's back, saws down trees and runs easy without causing backache. 25,000 now in use and the demand is constantly increasing. Apply to Folding Sawing Machine Co., Chicago, who will send free illustrated catalogue containing testimonials from hundreds who have sawed from 4 to 9 cords in a day. A new invention for filing saws accompanies each machine: same can be had separate. With this tool anyone can file a saw better than an expert can without it.

JOS. O.

I HAVE LOST THE RACE

And candidly admit that I have been completely out-generalled, as I have not the Natural Qualification necessary to a Bush Fighter.
I have Lost the Battle, together with all my Ammunition. I have finished a Three Year's Race in search of more to pay up other people's debts and renew the attack on MY OWN GROUND in the open in defence of a principle which proved an antidote to the poison of the Bush Fighters' arrows.

I was fleeced nude, but have now a very plentiful supply of Ammunition, not only of the kind which is the Glory of the Chief of the Bush Fighters, but some Red Hot Powerful Dynamite sent to me by a "Fleeced" and conscience-stricken Traitor from the Bush Fighters' camp. This preparation is all powerful, and the moment it is hurled it will cause a swift dissociation of the molecular structure of the "Lineal descendant of Irish Kings," vide P. A. Directory. It will then appear that the modification has manifested itself in the structure known as Kingston P.

I have no such high claim. My only endeavor is to try to be a man; and covet only the good opinion and sympathy of all who are such, and I pledge myself to fight it out on this line, if it takes a lifetime. The manufacturers of Canada have offered and I have accepted Ammunition, which may be enumerated by thousands of Dollars, and although I import no Goods direct from the Old Country, I tell the truth about what is made at home.

"And if my voice break forth, 'tis not that now
I shrink from what I suffer'd; let him speak
Who hath beheld decline upon my brow,
Or seen my mind's convulsions leave it weak.
Have I not had to wrestle with my lot?
Have I not suffer'd things to be forgiven?
Have I not had my brain scar'd, my heart riven?
Hopes sapped, name blighted, life's life fled away?
And only not to desperation driven,
Because not altogether of such kindly clay
As rote into the [] of some whom I survey."
